INTRODUCTION

This marking scheme was used by WJEC for the 2019 examination. It was finalised after detailed discussion at examiners' conferences by all the examiners involved in the assessment. The conference was held shortly after the paper was taken so that reference could be made to the full range of candidates' responses, with photocopied scripts forming the basis of discussion. The aim of the conference was to ensure that the marking scheme was interpreted and applied in the same way by all examiners.

It is hoped that this information will be of assistance to centres but it is recognised at the same time that, without the benefit of participation in the examiners' conference, teachers may have different views on certain matters of detail or interpretation.

WJEC regrets that it cannot enter into any discussion or correspondence about this marking scheme.

GCE AS SPANISH

SUMMER 2019 MARK SCHEME

General Advice for Examiners

The candidate is required to answer **one** question; either question (a) or (b), on one work he/she has studied for AS. The work can be a literary work or film. The skills assessed on this paper are AO3 and AO4. For AO3 the candidate must demonstrate that he / she is able to manipulate Spanish accurately in written forms, using a wide range of lexis and structure. For AO4 the candidate must show knowledge and understanding of and respond critically to, different aspects of the culture and society of countries or communities where Spanish is spoken. In Component 3 AO4 will be in the context of the literary work or film studied. There is one marking grid. You will apply the mark scheme as set out in the marking grid. There are five mark bands for AO3 and AO4, Each containing 4 marks. The mark for A03 is added to the mark for A04 to give a total out of 40. To select the appropriate band and mark you must do the following:

Banded mark schemes

Banded mark schemes are divided so that each band has a relevant descriptor. The descriptor for the band provides a description of the performance level for that band.
You should first read and annotate a candidate's answer to pick out the evidence that is being assessed in that question. Once the annotation is complete, the mark scheme can be applied. This is done as a two stage process.

Stage 1 – Deciding on the band

When deciding on a band for each assessment objective, the answer should be viewed holistically. Beginning at the lowest band, you should look at the candidate's answer and check whether it matches the descriptor for that band. You should look at the descriptor for that band and see if it matches the qualities shown in the candidate's answer. If the descriptor at the lowest band is satisfied, you should move up to the next band and repeat this process for each band until the descriptor matches the answer. If an answer covers different aspects of different bands within the mark scheme, a 'best fit' approach should be adopted to decide on the band and then the candidate's response should be used to decide on the mark within the band. For instance if a response is mainly in band 2 but with a limited amount of band 3 content, the answer would be placed in band 2, but the mark awarded would be close to the top of band 2 as a result of the band 3 content. You should not seek to penalise candidates as a result of small omissions in minor areas of an answer.

Stage 2 – Deciding on the mark

Once the band has been decided, you can then assign a mark. During standardising (marking conference), detailed advice from the Principal Examiner on the qualities of each mark band will be given. You will then receive examples of answers that have been awarded a mark by the Principal Examiner. You should mark the examples and compare their marks with those of the Principal Examiner. When marking, you can use these examples to decide whether a candidate's response is of a superior, inferior or comparable standard to the example. You are reminded of the need to revisit the answer as you apply the mark scheme in order to confirm that the band and the mark allocated is appropriate to the response provided.

For AO4 a successful critical response is one which will clearly demonstrate that the candidate is able to present and justify points of view, develop arguments and draw conclusions based on understanding. At AS, knowledge and understanding of the work must include a critical response to aspects such as structure of the plot, characterisation, and use of imagery or other stylistic features, as appropriate to the work studied.

The approximate number of words advised is 250 words. Responses which exceed the guidance must not be penalised and reward must be given for all valid responses. It is content which will determine whether a candidate has written enough to access the full mark scheme and not the number of words. Additional notes are provided with the mark scheme but they are not exhaustive, and any other valid points must be credited. In order to reach the highest bands of the mark scheme a candidate need not cover all of the points mentioned in the indicative content but must meet the requirements of the highest mark band. Where a response is not creditworthy, that is, contains nothing of any significance to the mark scheme, or where no response has been provided, no marks should be awarded.

When marking you should have the titles to hand as the questions require the candidate to deal with a specific idea or ideas. The candidate is expected to answer the questions as set and not provide a **general** comment on the subject matter as a whole. If a candidate adopts a broad-brush approach he/she will be unlikely to focus on the questions as set, leading to digression and irrelevance.
